Location Overview

High Wycombe is a large town northwest of London, surrounded by Chiltern Hills, an area of outstanding natural beauty. Only a 55 minute train journey to London makes this an ideal location for commuters wanting to live near the countryside whilst maintaining the modern amenities a town/city provide.

Long term plans have been put forward. In the Desborough area, which is going through a major revamp at the moment, could see hundreds of new homes are built, new parks and community gardens could be created. The railway station could also be turned into a "central transport hub", with the overhauled area featured modern offices "suitable for corporate headquarters" along with apartments.

For any modern investor, this is a location to keep an eye on.
